The Staff

The members of staff in the Reception Class are:
Miss Vaughan – Class Teacher
Mrs Williams – Teaching Assistant
Mrs Bristow – Teaching Assistant

The Curriculum

We follow the Early Years Foundation Stage Curriculum, which the children begin in Nursery and continue into their Reception year. Our creative curriculum recognises that children deepen their understanding by playing, talking, observing, planning, questioning, experimenting, reflecting and responding to adults and each other. We plan learning experiences of high quality, considering both children's needs and achievements. We continue to build on the Narrative Immersion and Story World adventures enjoyed in Nursery and we introduce them to the whole school "Talk for Writing" programme. We make the most of our wonderful learning environment which includes a well-resourced classroom, outdoor learning area and access to the large grounds and play areas of the main school.

Parent's Role

As parents, your role in your child's learning is vital and we are always keen to involve you and support you as your child progresses through school. Your child's progress and development is monitored throughout the year and shared with you on a regular basis through Parent Consultation Sessions, their Electronic Learning Journey, and regular written reports to parents. We value your comments and contributions, which can be uploaded on line to their own Learning Journey. Our page on the school website keeps you up to date with important events and information about our class activities.

Once a term you are invited to join us in school for our very popular 'Inspire Days', which give you an opportunity to share in your child's learning through a Story World Adventure, supporting them to develop new skills, enjoy new experiences outside and solve problems together. We also welcome parents to join our team of parent helpers who support us through listening to children read, helping on trips and supporting fundraising.
