

**We provide an inclusive, happy and caring school in which we have high expectations for all.**

**We believe:**

- We are always accountable to the children and will always strive to meet their needs.
- Together, everyone achieves more.
- If it works we do more of it; if it doesn't we do something different.
- Small changes can make big differences.
- We always look for the solutions to issues and remember that the problem is the problem, not the person.
- In looking positively to the future helps us all move forward.
